MEMORANDUM FOR THE INTELLIGENCE ADVISORY COMMITTEE

SUBJECT: Release of National Intelligence Estimates to
Foreign Governments

1. In order to insure that all the members of the IAC will be informed of the release of NIE's to foreign governments, and of deletions from released estimates when they are made, the Secretariat will in future disseminate memoranda indicating IAC action taken in this regard. This will provide members with a standard reference list which may be utilized for notifying their respective internal offices and commands of IAC decisions concerning release of NIE's.

2. Please advise the Secretariat (Code 143, extension 3402) of the number of copies of such memoranda you will require to meet your needs.
